## REDUCES THE PENSION ROLL

Well-to-do Men Will Be Cut Off the List if the Newton Bill Becomes a Law

Tallahassee, May 21.—Twisted, tortured and distorted, the pension bill lay upon the operating table in the house yesterday for many hours while legislative doctors worked with it. The bill introduced in the house to amend the present pension law is by Mr. Newton, of Orange, but everybody, almost, took a hand in trying to amend it.

The amendment first adopted was one offered by Mr. Cox, of Polk, providing that the property qualification, which by the bill was placed at \$5,000, should be placed at the assessed valuation of \$2,500. Mr. Hilburn and Mr. Alexander made speeches against this amendment, because they didn't "want the old soldiers put on the pauper list." Mr. Cox, the author of the amendment and himself an old Confederate veteran, said in reply that he "didn't want to be on the roll with deserters and mossbacks, as is the case now. There are men on that roll," he said, "that never went beyond the sound of the dinner horn."

When this bill was passed the first three men in my town to make application for a pension were men worth, respectively, \$100,000, \$200,000 and \$500,000, and when I started for Tallahassee one of these men asked me to see if I couldn't get his pension raised from \$100 a year to \$120. And that's the kind of fellows we are after." This amendment was adopted.

In the senate practically the same course was pursued. One amendment after another was offered, each with an argument in its favor, but very few were adopted. The senate has had the bill under discussion since Tuesday morning, there being no session Tuesday afternoon. Eventually the bill was sent to the engrossing committee, as in the case of the house bill. It is now expected that when each of these bills has passed the respective houses a conference committee will be appointed, to reconcile their differences and agree upon the measure that is finally to pass both bodies. But some law is certain, and a change for the better is practically assured.

## THE BEST PLASTER

A piece of flannel with tapes attached for holding it in position, slightly dampened with Chamberlain's Liniment and bound on over the seat of pain is superior to any plaster.

## FLORIDA SHIP CANAL

Work of Surveying the Routes Will Commence at Once  
Savannah, Ga., May 21.—The board of officers of the corps of engineers appointed to recommend routes for a survey for a canal across the northern part of the state of Florida, from east to west, will recommend at the war department a survey of five routes, 1,000 miles in all at a cost of approximately \$25,000. The canal routes to be surveyed will aggregate very much more than the Panama canal survey and will require several months to complete with five parties of surveyors at work. It is reported that if the plan of survey is approved the work will begin at once. The shortest line from coast to coast contemplated is 110 miles, with other surveys necessitated making each route survey approximately 200 miles.

The officers who compose the board of engineers at work on this problem are Col. Dan C. Kingman, of Savannah; Capt. Earl I. Brown, Wilmington, N. C.; Capt. E. M. Adams, Charleston, S. C.; Capt. George S. Spaulding, Jacksonville.

**A CARD**  
This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Sold by all druggists.

## JUNE 20 THE DATE

On Which, According to Taft, the Tariff Debate Will Be Ended  
Charlotte, May 20.—President Taft, while here attending the ceremonies incident to the celebration of the anniversary of the signing of the Mecklenburg declaration of independence, declared the statement that he is certain the tariff bill, approved by both branches of Congress, will be in his hands for signature not later than June 20.

## FORCED INTO EXILE

Wm. Upchurch, of Glen Oak, Okla., was an exile from home. Mountain air, he thought, would cure a frightful case of rheumatism that had defied all remedies for two years. After six months he returned death dawning his steps. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung diseases. Infallible for coughs and colds, it dispels hoarseness, throat sore, throat, cures grip, bronchitis, hemorrhages, asthma, croup, whooping cough, etc. and 31 trial bottles free, guaranteed by all druggists.

## THEY WILL ALL DENY IT

Tallahassee, May 20.—The denials from those state officials whom the committee which investigated the issuance of railroad passes to state officials named, continue to arrive. Yesterday the house received a letter from Judge R. M. Call of Jacksonville, in which the judge denied having used a pass and said he did not even remember having received one from the railroad companies.

## HORSE STOLEN

Horse stolen Saturday night about 8 o'clock, small brown, dark chestnut brand on right hip, low down; had on a Texas saddle with two girths. Liberal reward will be paid for the return of said animal to Samuel Jacobs, York, Fla. 5-19-09

**SOUTHERN CALIFORNIA**  
Willis B. Powell, Former Editor of the St. Petersburg Independent, Compares It with Florida  
(St. Petersburg Independent.)

Los Angeles, May 8.—I have made a number of side trips through the citrus and nut sections of Southern California, and they look good to me. The navel trees bear fruit from the ground up—the claim being made that the foliage on the ground protects the roots of the tree from the sun. The Valencia crop is now being marketed. Yesterday I was witness to a trade of Valencia of ten acres of 13-year-old Valencia being sold at \$35,000, and saw a man refuse \$40,000 for ten acres of navel.

The cheapest land to be had in Southern California is the alfalfa land, and that sells for \$150 to \$300 per acre. Covina is a city the size of St. Petersburg, and has not all the advantages of St. Petersburg, yet town lots there are double the price of those similarly located at St. Petersburg.

My opinion is that Florida land is selling too cheap. While land is much

## PROTECTION IS PROMISED

Sultan of Turkey Declares that he Will Allow No More Massacres of Christians

Constantinople, May 21.—Members of the new chamber of deputies took the oath of office yesterday in the presence of Sultan Mohammed V. They pledged themselves to uphold their sovereign and protect the rights of the nation. The sultan was given an ovation when he appeared in the chamber. In an address he referred to the disturbances in Asiatic Turkey and expressed keen regret that they had occurred, assuring the deputies that he would see to it that such outrages should not occur again. This announcement was greeted with applause.

## A NOTABLE EVENT

President Taft Helped the People of North Carolina to Celebrate First Declaration of Independence

Charlotte, N. C., May 21.—President Taft's presence in Charlotte yesterday lent notable interest to the annual celebration of the signing of the Mecklenburg declaration of independence, which, it is claimed, was the first step toward liberty taken by the American colonists. The president's participation marked the culmination of the three days' celebration.

The president, upon his arrival shortly before 11 o'clock, was met at the railway station by an imposing committee of citizens, and escorted at once to the Selwyn Hotel. As the regular Southern Railway train bearing the president's car, crossed the city limits, the presidential salute of 21 guns was fired by the Charlotte Artillery.

Arriving at the hotel, the president held a reception for one hour at noon. With scores of Union and Confederate veterans for his escorts, accompanied by Mrs. Stonewall Jackson, he proceeded to the reviewing stand, from which he witnessed the passing of probably the most notable parade ever held in this city.

There were eight divisions to the pageant as follows: Military, industrial, floral, colonial, equestrian, farmers, fraternal societies and secret orders, automobiles and the fire department. Large detachments of the National Guard of North and South Carolina were in line. The industrial, colonial and floral divisions were made up of handsomely decorated floats.

## A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better remedy for colds, coughs, croup, whooping cough, etc., than any other remedy. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing sores in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung troubles, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in chronic cases. It has been found that the most common cause of coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for colds as it is for chronic cases, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption. It is the best medicine that can be taken.

## THE CAGE FOR BLIND TIGERS

Atlanta Officials Will Uphold the City Ordinance

Atlanta, May 21.—General satisfaction is expressed with the decision of the court of appeals in upholding the city ordinance imposing fine and imprisonment in the stockade for keeping whiskey on hand for unlawful purposes. The recorder said he guessed the blind tiger folks had found out now that his court means business and all who come before him may expect the limit of the law, \$500 and thirty days. It is generally considered that this means the end of the blind tiger in so far as whiskey is concerned in Atlanta.

## A LIVING SKELETON

Is the final condition of any child that has worms—if it lives. Think of having something in your stomach that eats all you take as nourishment. Nine tenths of the babies have worms, many of you have. Be certain that it has not by giving it White's Cream Vermifuge—it expels all worms and is a tonic for the baby. Price 25 cents, at the Anti-Monopoly Drugstore.

## WHAT A BANK DOES

There are many ways in which it serves the public, but the one now most valuable, perhaps, is to help with loans. We will meet the needs of conservative borrowers.
